GENERAL INFORMATION

The 2023 Skate Canada Junior and Senior Sectionals Québec Championships will be conducted in accordance with the Skate Canada [Competitive Rules](#).

The pre-competition technical file for each discipline, ISU releases and clarifications should also be consulted in preparation for the coming season.

Rules governing Sectional championships also apply to any sub-sectional or other sectional elimination rounds unless otherwise stated in this announcement.

If there are fewer entries than the normal quota allotted to each section in any Sectional competition, the section may elect to cancel the competition and may approve the entry of the relevant competitors to the Skate Canada Challenge competition of the same category (if applicable).

With the current situation, Patinage Québec has developed possible scenarios for the realization of the 2023 Skate Canada Junior and Senior Sectionals Québec Championships, according to the health rules and restrictions that will be in effect in the Province of Quebec in November 2022.

PURPOSE OF SECTIONAL CHAMPIONSHIPS

Sectional Championships allows the identification of the top skaters in each Section for advancement to the next round of qualifying events ultimately leading to the Canadian Figure Skating Championships.

The planning and execution of each Sectional **Championships** is delegated to the Section and/or its host committee with support from Skate Canada nationally, and the event is under the technical supervision of a technical representative assigned by the section.

In accordance with Skate Canada rules, all Sectional **Championships** events must be **concluded** a minimum of 7 days prior to Skate Canada Challenge in the current competitive season.

ELIGIBILITY TO COMPETE (technical requirements)

For all categories, the participants must be members in good standing with [Skate Canada](#).

Competitors may not participate in more than [one category per discipline](#), for example: registering in the Junior Ladies combined programs and Senior Ladies combined programs will not be allowed.

For Synchronized Skating, the club can register teams in more than one Category of event provided that, for each new category in which they are registered, they replace at least 50% of the skaters (the calculation does not include substitutes) and present a different program on another music.

Competitors do not have the option of entering a single segment if they wish. Participation in the short program is mandatory to access the free program.

For Synchronized Skating Qualifying Events leading to the 2023 Canadian Tire National Skating Championships, up to 25% of the team (four skaters from a team of sixteen skaters and three skaters from a team of twelve skaters) may be a member of different ISU members than Canada, provided that such skaters are released by the respective ISU member to which they belong. Canadian citizenship or residency requirements do not apply to these skaters. Substitutes are not included in the calculation for percentage purposes.

ELIGIBLY FOR COMPETITIONS

Participants in the 2023 Skate Canada Junior and Senior Sectionals Québec Championships events must meet the following criteria:

- (1) Be members in good standing of the Association.
- (2) **CANADIAN CITIZENSHIP:** Be Canadian citizens within the meaning of the Citizenship Act, RSC 1985. If the individual is not a Canadian citizen, such individual must have permanent resident status and have resided in Canada for at least one year prior to the date of the Championships they wish to enter. Also, if the entrant is of legal age, the entrant must file a declaration to indicate that he intends in good faith to become a Canadian citizen. If the entrant is an alien minor, he and the living parents (or guardians if both parents are deceased) must have also filed a sworn statement with the Chief Executive Officer of Skate Canada that said minor intends to become a citizen as soon as legally possible.

In the case of a Pair or Ice Dance couple, at least one of the two partners must be Canadian citizens. The other partner can be a citizen or resident of any other ISU member country and does not have to reside in Canada.

All foreign citizens wishing to participate in Skate Canada qualifying competitions must complete the Foreign Citizen Application Form. To be eligible for these competitions, you must present an "acceptance" letter from the National Skate Canada office when registering for a qualifying competition for the season.

- (3) **CODE OF ETHICS:** [See Skate Canada Code of Ethics](#)

QUALIFICATIONS FOR ENTRY

- (1) **TEST PREREQUISITES:** Competitors wishing to enter Championship must have passed the tests as listed in the Competition Program Requirements- [Competitive Rule](#) for each discipline before October 1st, 2022. A skater may also be considered qualified having passed a higher test or parts thereof if the minimum test requirement is fulfilled.
- (2) **AGE PREREQUISITES:** Competitors wishing to enter Championships shall meet the age requirements to compete as listed in the [Competition Program Requirements](#)- Competitive Rule for each discipline.
- (3) **COMPETING IN SINGLES AT SECTIONALS:** A skater may compete in Singles events only in the Championships of the Section in which his home [club/school](#) is a member.

SUBSTITUTES (Synchronized Skating only)

A maximum of four (4) substitutes per team is allowed in all categories.

Problems that may arise during a performance

The technical representative or his designated substitute (referee at ice level) may ask a substitute from the team to pick up any object that has fallen on the ice (hair accessory or other), thus ensuring the safety of the skaters without having to interrupt the program. To this end, it is requested, whenever possible, that all teams place a substitute with skates on, without blade guards, near the entrance to the rink during the presentation of the team program.
