PURPOSE OF SECTIONAL CHAMPIONSHIPS

Sectional Championships allows the identification of the top skaters in each Section for advancement to the next round of qualifying events ultimately leading to the Canadian Figure Skating Championships.

The planning and execution of each Sectional Championship is delegated to the Section and/or its host committee with support from Skate Canada nationally, and the event is under the technical supervision of a technical representative assigned by the section.

In accordance with Skate Canada rules, all Sectional Championships events must be concluded a minimum of 7 days prior to Skate Canada Challenge in the current competitive season.

ELIGIBILITY TO COMPETE (technical requirements)

For all categories, the participants must be members in good standing with [Skate Canada](#).

Competitors may not participate in more than [one category per discipline](#), for example: registering in the Pre-Novice Ladies combined programs and Novice Ladies combined programs will not be allowed.

For Synchronized Skating, the club can register teams in more than one Category of event provided that, for each new category in which they are registered, they replace at least 50% of the skaters (the calculation does not include substitutes) and present a different program on another music.

Competitors do not have the option of entering a single segment if they wish. Participation in the short program is mandatory to access the free program.

For Synchronized Skating Qualifying Events leading to the 2024 Novice Canadian Championships, up to 25% of the team (four skaters from a team of sixteen skaters and three skaters from a team of twelve skaters) may be a member of different ISU members than Canada, provided that such skaters are released by the respective ISU member to which they belong. Canadian citizenship or residency requirements presented below do not apply to these skaters. Substitutes are not included in the calculation for percentage purposes.

Participation of synchronized skating teams is mandatory to have access to National competitions.

ELIGIBILITY TO COMPETE

Participants in the 2024 Skate Canada - Sans Limites to Novice Quebec Section Championships must meet the following criteria:

- (1) Be a member in good standing of the Association.
- (2) **CANADIAN CITIZENSHIP:** Be Canadian citizens within the meaning of the Citizenship Act, RSC 1985. If the individual is not a Canadian citizen, such individual must have permanent resident status and have resided in Canada for at least one year prior to the date of the Championships they wish to enter. Also, if the entrant is of legal age, the entrant must file a declaration to indicate that he intends in good faith to become a Canadian citizen. If the entrant is an alien minor, he and the living parents (or guardians if both parents are deceased) must have also filed a sworn statement with the Chief Executive Officer of Skate Canada that said minor intends to become a citizen as soon as legally possible.

In the case of a skating or ice dancing pair, at least one of the two partners must be Canadian citizens. The other partner can be a citizen or resident of any other ISU member country and does not have to be resident in Canada.

All foreign citizens wishing to participate in Skate Canada qualifying competitions must complete the Foreign Citizen Application Form. To be eligible for these competitions, you must present an "acceptance" letter from the National Skate Canada office when registering for a qualifying competition for the season.

NON-CANADIAN CITIZEN APPLICATION

- (3) **CODE ON ETHICS:** [See the Skate Canada of Ethics](#).

REPLACEMENT (Synchronized skating only)

There may be a maximum of four (4) substitutes per team in all categories.

Problems that may arise during a performance :

The technical representative or his designated substitute (ice level referee) may ask a team substitute to pick up any object that has fallen on the ice (hair accessory or other), thus ensuring the safety of the skaters without having to interrupt the program. To this end, it is requested that, where possible, all teams place a substitute on skates, without blade guards, near the rink entrance during the presentation of the team's program.
