Skater Registration Instructions

1. If you do not have an account, please select “Create Account” in the top right corner. Otherwise, sign in. If you already have an account, please jump to **step 5.**

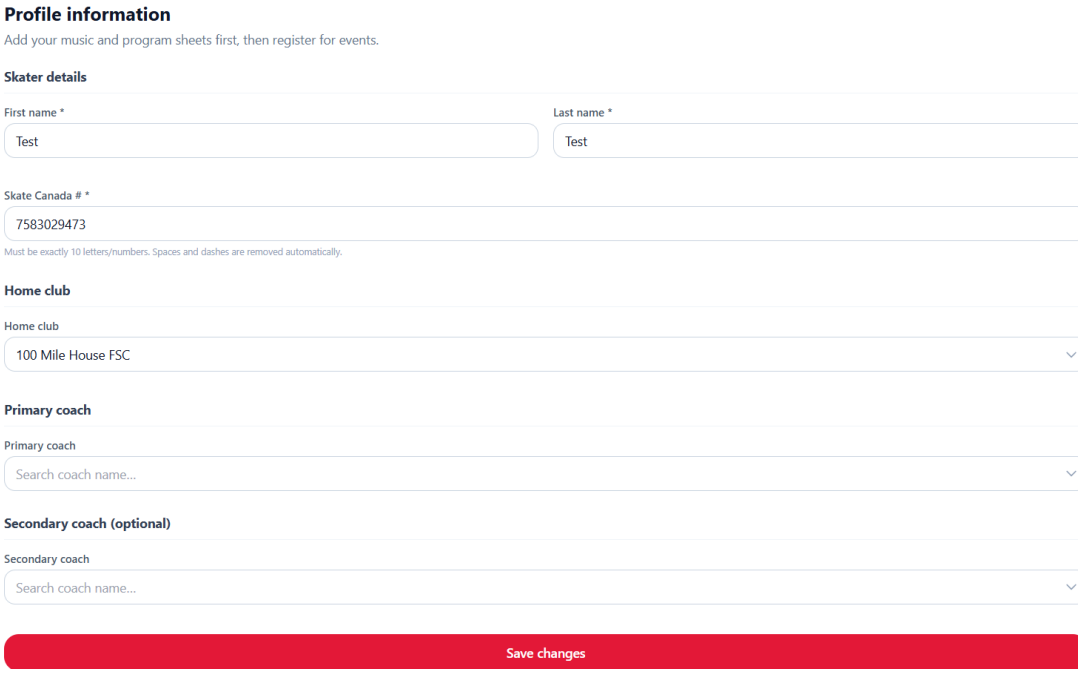

2. You will need to create a Household Account. If you have multiple skaters in one household, they can all be added under the same household account. Please fill in the requested information and select on the “Create Household Account” button.

3. You must now complete the skater's profile. This information will stay consistent through each event registration. You may login and update the skater's profile information should something change. Once all information is added, scroll down to the bottom of the page and select "Save changes".

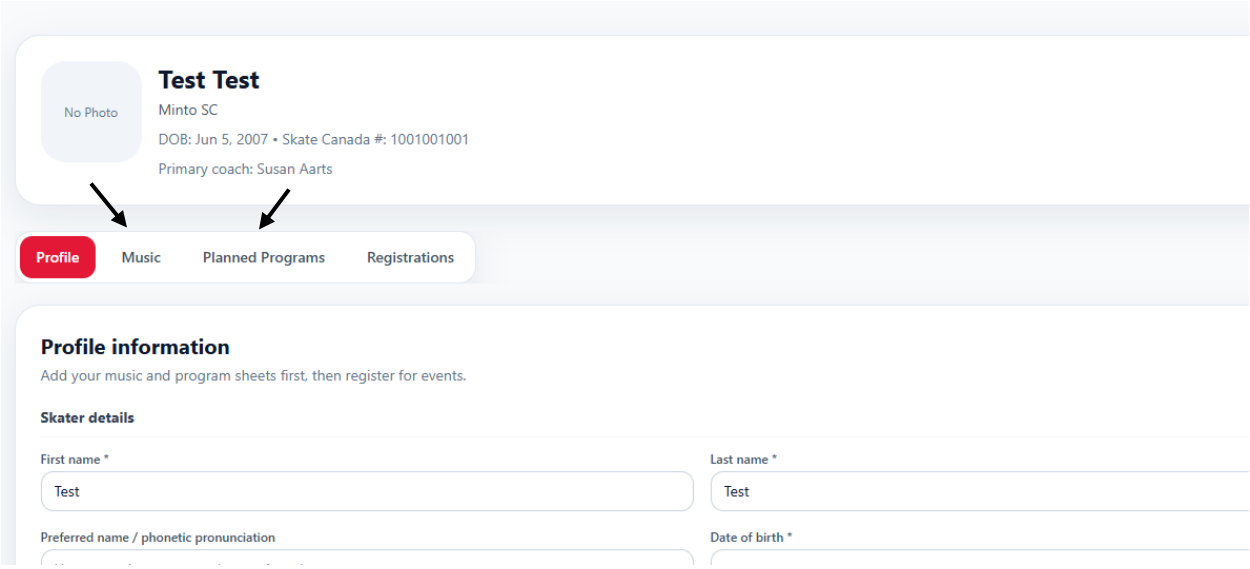

4. It is also suggested that once a skater's profile is created, that you add a headshot photo on their profile for accreditation.

5. Please open your profile and ensure that your music and PPC are updated and accurate in your profile. If you have never signed in before, you will need to add this information to your profile. **You must add this information in your profile BEFORE you register for an event.**

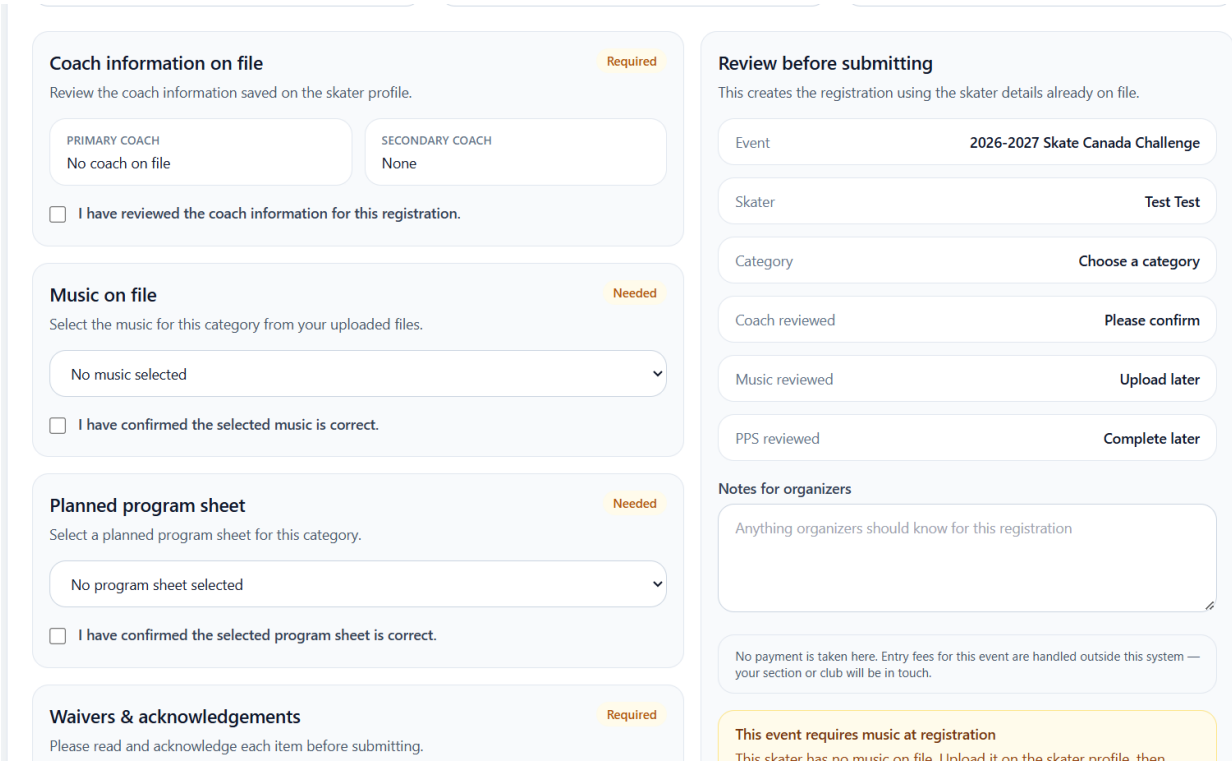

IMPORTANT: For ice dance and pairs teams, both athletes must register **SEPARATELY**. Both athletes must submit their music and planned program content sheet for their two programs. **Please ensure that both athletes submit the same version of music and PPC.**

6. Once your music and PPC is uploaded to your profile, you may now register.

7. Please fill out the required information and “Submit Registration”. You may edit your information after submitting, up until the disclosed deadline.
